

Notice: Night Track Maintenance Shutdown — Aluva to Edapally

Ref. ENG/PWAY/2026/207 · Issued 6 October 2026 · Engineering (Permanent Way) · For: Operations, Signalling, Safety, Customer Relations

1. Purpose

Rail grinding and fastening replacement will be carried out on the up and down lines between Aluva and Edapally. Revenue service on this stretch will close early on the nights listed below.

2. Schedule

Night	Stretch	Service ends
24 October 2026	Aluva – Kalamassery	21:30
25 October 2026	Kalamassery – Edapally	21:30

3. Actions required

The Signalling team must submit the track-circuit isolation plan for both nights by 11 October 2026. Signalling Supervisor: signalling.supervisor@example.org

Operations Control must publish the revised timetable and driver roster no later than 20 October 2026. Operations Control Centre: occ.duty@example.org

Customer Relations must display passenger notices at all affected stations before 22 October 2026 and post the service change on the app. Customer Relations Manager: customer.relations@example.org

The Safety Officer must complete the site safety audit and issue the permit-to-work by 23 October 2026. Safety Officer: safety.officer@example.org

The contractor must submit the completion report with rail profile measurements on or before 3 November 2026.

4. Contacts

For coordination contact the Deputy General Manager (Permanent Way) at pmway.dgm@example.org.
